

Amendment to the Claims

There are no prior versions, and listings, of claims in this application.

Listing of Claims

Claims 1 through 18 (Cancelled).

19. (New) A printer, comprising: a housing having a top portion with manually operable keys, a print head, a platen roll driven by the electric motor and cooperable with the print head, a space for supply roll of a printable web, and the electric motor being disposed generally between the keys and the supply roll space.

20. (New) A printer as defined in claim 19 in combination with a pair of holder members connected to move in unison to hold a supply roll.

21. (New) A printer as defined in claim 20, wherein each holder member includes a rotatable hub.

22. (New) A printer as defined in claim 20, including a door movable between open and closed positions, and wherein the holder members are mounted on the door and are cooperable to hold supply rolls of different widths.

23. (New) A printer as defined in claim 20, including a door movable between open and closed positions, and wherein the holder members are mounted on the door.

24. (New) A printer as defined in claim 23, wherein the door is a front door.

25. A printer as defined in claim 19, a door movable between open and closed positions, a battery compartment accessible when the door is in the open position, and a label delaminator disposed on the door.

26. A printer as defined in claim 19, including a battery compartment in the housing below the level of the supply roll space.

Respectfully submitted,

Joseph J. Grass
